## COUNCIL MAKES MOVE TO GET NEW WAY TO RIVER

**Preliminary Steps Taken for Getting Control of Third St.**

**IN HANDS OF ENGINEER**  
**Hussey-Binns Shovel Company Owns Property—Willing to Sell**

Council made the preliminary move towards getting a street through to the river at the upper end of town Friday night at a called meeting when they authorized Borough Engineer Paul G. Elder to see what terms could be reached by the borough with the Hussey Binns Shovel company for the purchase of Third street. Last year an effort was made by the borough to secure control of this street but the deal was never put through. The Hussey Binns Shovel company wanted in the neighborhood of \$30,000 for the property leading from the railroad to the river it is stated.

The idea in getting control of Third street is to provide a way to the river in case Eighth street should be sold to the Macbeth-Evans Glass company. The latter concern dickered with the borough for the purchase of Eighth street and negotiations were practically concluded when a discovery was made of matters which held up the deal for a time. It is said that an ordinance will be presented to council at a meeting some time in the near future by which the matter will again be opened up.

The principal object of the meeting Friday night was to take up the matter of paying a part of the estimate for the paving of Seventh and Eighth streets between Fallowfield and Washington avenues.

Thomas Arrigo was the contractor for this work and council ordered that a warrant be drawn in his favor for \$2,500, this being \$1,250 for each street. The balance will be paid with the exception of 10 per cent when the borough engineer has made his final estimate.

President J. K. Hein was in the chair and councilmen present were Dr. A. O. Davis, C. O. Frye, W. R. Gaut, and W. H. Calvert. Councilmen Linn and Schmeiler were absent.

## DOUGLAS COLLEGE TO START TERM MONDAY MORNING

Along with the public school's Douglas Business college will open its term on Monday morning. Superintendent Matthew Adams has made practically all arrangements for the opening and there will be a number of new students. A class about as large as that of last year it is stated will be enrolled. Miss Zella Franks, formerly a teacher in the stenography department and Robert Franklin Webb of Kentucky have been engaged as teachers for the ensuing year.

## Barely Escape Being Roasted

**California Family Gains Safety Through of Rope Made of the Bedclothing**

When Cervi Stirando, a miner of Phillipsburg, was awakened by smoke yesterday he discovered the house was in flames and all means of exit were cut off.

Knitting together two bed covers he lowered his wife from a window of their room, on the second floor, to the ground, then lowered their infant baby to the mother. As Stirando jumped to safety the floor of the bedroom collapsed.

## PROHIBITIONISTS NAME FULL TICKETS

**Candidates Are Suggested for County Offices at Committee Meeting**

The Prohibitionists of Washington county held their annual convention at Washington Friday to name a ticket for nomination at the primaries. Only one candidate was named for each office, except where more than one is to be elected and means practically nomination. The ticket follows:

County Treasurer, G. S. Campbell; Sheriff, W. S. Russell; Directors of the Poor, B. C. Stout and Henry Gault; Commissioners, A. O. Hoaglan and John Ferguson; Clerk of Courts, E. G. Matteson; Register of Wills, T. S. Brownlee; Coroner, A. B. Green; County Surveyor, A. L. White; District Attorney, A. R. Witherspoon; Prothonotary, E. C. Snyder.

The convention declared itself in favor of women's suffrage. B. C. McGrew of Washington was elected county chairman.

## DIES AT POOR HOUSE AS SEARCH IS BEING MADE FOR BROTHER

Frank Miller, aged about 60, died in the Fayette County home at Uniontown, Thursday night, following a stroke of paralysis last Monday. Miller had been cooking in a fishing camp on the Monongahela River when he was stricken, and as he had no friends about here who could care for him he was at once sent to the poor house. While an effort was being made to locate a wealthy brother in Scranton, he died.

A telephone message to Scranton disclosed that the brother, George, was away from home with his family and could not be located. Friday some McKeesport friends promised to take the matter up and give the body a decent burial, Miller having formerly been in the hotel business there.

## GRAND JURY APPROVES ROADS TO BE IMPROVED

**Number of Witnesses Heard From Different Communities Asking That Highways be Re-constructed**

**RECOMENDATIONS ARE MADE THAT BRICK BE USED**

Road improvement petitions were heard by the grand jury yesterday and a number of improvements recommended, all of them for brick paving. For each petition several witnesses were heard. Among those who appeared as witnesses was Ex-Congressman E. F. Acheson, asking for the paving of the Eschany road from West Middletown by way of Acheson.

The grand jury recommended that the Bellevue road be paved with brick a distance of 2110 feet. This road has a width of 14 feet and the estimated cost is \$7,427.64.

It was also recommended that the Beallsville-Zollarsville road be improved. This road had been recommended to be paved with macadam by a former grand jury, but the petitioners now asked that it be paved with brick. This was recommended.

The length of the road is 9,540 feet equal to 1,847 miles, and has a width of 12 feet. The probable cost of the improvement will be \$37,815.

The Cecil-Venice road is another important one, and was also recommended for improvement with brick beginning at Cecil and running toward Venice, a distance of 16,837 feet, equal to 3,367 miles with a width of 12 feet. The probable cost will be \$53,077.75.

It was petitioned that the Washington-Bethany road be improved with brick for a distance of 11,341 miles with a probable cost of \$25,827.50, but the grand jury only recommended the improvement of the road with brick for a distance of 31-3 miles.

The grand jury is opposed to paying any damages for changes of the grades if the county commissioners can get release.

## JUROR TAKES DAY OFF FOR PICNIC

**Wheels of Justice do Not Grind While Donegal Man Enjoys Himself**

Charles Burrig, of Donegal township, a juror in criminal court No. 1, at Washington did not attend the stout picnic Thursday but he managed to clog the wheels of justice for a time and take the bandage off the eyes to the blind Goddess. That inquisitive lady almost threw a fit when she saw what had happened and is still wondering what had come over the juror from Donegal.

Burrig was one of the jurors in the case of the commonwealth against Alex Krupenski, charged with illegal liquor selling. When court met Thursday morning and the jury in the case was called, it was found that Burrig was missing. After waiting for a time Judge McIlvaine set the jury aside and another case called. The tipstaves made every effort to locate the missing juror, when a rumor spread about the court house that he was taking a day off to attend the Stouts grove picnic.

Telephone wires were burned out in an effort to reach the missing juror, so that he could be brought back, and shortly after noon he was located and hastened back to court, where he arrived about 3 o'clock, a very perturbed man.

Juror Burrig had asked earlier in the week to be excused from jury duty, but on account of the small number of jurors present, he could not be excused. Wednesday afternoon a juror approached Judge McIlvaine and requested to be excused. The judge did not pay any particular attention to who the juror was, and told him that probably he could be excused the following day. Judge McIlvaine did not have the least idea the man was on the Krupenski jury, before which all the testimony in the case had been presented.

It was Juror Burrig and he desired to attend the picnic which was evidently more desirable than sitting in the jury box to listen to the arguments of the opposing attorneys. He had told some of his fellow jurymen in the case that he had been excused, and they told him there must be some mistake, as he could not leave until the case was finished. Juror Burrig was, however, satisfied that he had got a proper leave of absence and hid himself towards Stouts Grove.

When Mr. Burrig returned to court the jury was again called into the box. This time the missing juror answered to his name.

"You can go to the jury, gentleman," said Judge McIlvaine, "and I hope the original 12 men are before you."

## WEST BETHLEHEM GETS HIGH SCHOOL

**State Superintendent Schaffer Notifies Directors Petition is Granted**

The school directors of West Bethlehem township have received the official notification from Nathan C. Schaffer, state superintendent of public schools, that the petition of the residents of the township for a high school had been granted.

There was some opposition to the movement but it was mostly from outsiders.

A majority of the West Bethlehem taxpayers were in favor of the plan and two largely signed petitions were sent to Superintendent Schaffer along with several personal letters.

The High School which will be located at Scenery Hill, is to be opened at the same time as other schools of the townships, during the early part of September.

The enrollment promises to be large as there is a large number of pupils in the township who have completed their common school work. The directors think that the bordering townships will send pupils there also.

The High School will have a three-year course as do other township High Schools. The directors will hold a meeting at an early date to elect a principal and make other arrangements for the opening.

## REV. W. G. CARL QUILTS PASTORATE

**Former Charleroi Minister to Preach Farewell Sermon at Monongahela**

Rev. Wellington G. Carl will preach his farewell sermon as pastor of the First Baptist church at Monongahela Sunday. Rev. Carl came to Monongahela some years ago as pastor of the Central Baptist church during a controversy between factions of two Baptist churches which then existed, one of which had Rev. W. H. Shawger as pastor. Rev. Carl remained until a reconciliation had been effected following a tedious fight through the Pittsburgh Baptist association and through the court. Mr. Shawger had resigned. Rev. Carl then assumed temporarily the pastorate of both churches but presented his resignation which takes effect Sunday. Rev. Carl was formerly pastor of the Baptist church of Charleroi and has many friends here.

## DONORA EXCURSION TRAIN IN WRECK AT PITTSBURG

**New Pupils are Being Enrolled**

**Many Report to Prof. Pentz First Enrollment Day--Work Continued**

Starting on Friday, Superintendent of Schools James G. Pentz, has received a number of new pupils for enrollment. School will start on Monday with a number of new faces in rooms of the lower grades. On Friday Prof. Pentz was at his office in the Ninth street building and received a large number of enrollments. Saturday he continued the work and other new names were added.

Enrollments will be received for two weeks or a month yet of children who are six years old or who will be six years by the first of the year.

## BUSY PICNIC WEEK FOR ELDORA PARK

**Corn Roast and Outing of Eagles Wednesday to be Feature Event**

Next week will be a busy picnic season for Eldora Park. The chief event of the week will be the corn roast and outing of Charleroi Aerie, No. 390, Fraternal Order of Eagles on Wednesday. The first event of the week will be on Monday when a Washington lodge of colored people will hold their annual outing at Eldora. On Thursday Coal City Lodge G. U. O. of O. F. will hold its annual picnic.

## SUNDAY BASEBALL CAUSES CONTENTION IN CHURCH LEAGUE

Monessen and Belle Vernon baseball fans are arguing about the decision of the executive committee of the Church League composed of teams from both towns, in forfeiting games in which players engaged in playing Sunday baseball took part. Belle Vernon has one team in the Monessen-Belle Vernon Church league and was luckless enough to be the worst sufferer from the decision of the executive committee.

By the rules of the Monessen-Belle Vernon Church league a team which uses players having been engaged in playing Sunday baseball not only loses the players for the season, but also has the games in which they participated forfeited. This caused some dissatisfaction among the Belle Vernonites, who claim they really have a prior claim to the church league pennant.

Kerfoot W. Daly leaves this evening for Atlantic City where he will join his family and Mr. and Mrs. C. F. Thompson.

**Two Women Seriously Hurt and Are Taken to Hospital**

**OTHERS BADLY SHAKEN**

**Tieup in Traffic Caused for Time--Little Damage Done to the Train**

Two persons were seriously injured and several others received minor bruises when a Pittsburgh Lake Erie train, carrying excursionists from Rock Point Park to Webster and Donora, crashed into a Monongahela connecting train of empty steel gondolas Friday night at 2:53 a. few feet south of the South Thirty-fourth street crossing, Pittsburgh. The injured passengers were given first aid by the P. & L. E. physician, Dr. A. D. Miligan and Superintendent of Telegraph Lee.

The Seriously Injured. Miss Amanda Robb, aged 17, of Donora, suffering with shock and bruises about the head; taken to Southside Hospital.

Mrs. Frederick Karl, aged 41 of Donora, suffering from shock and bruises taken to Southside Hospital.

The excursion train was made up of an engine, baggage coach, and eight passenger coaches, carrying picnicers home from the annual picnic of Donora.

When the excursion train reached Thirty-fourth street crossing it had slowed down preparatory to taking water and had just rounded the curve on the southbound track when a Monongahela connecting engine pushing 40 empty steel gondolas ran through two switches and onto the main track directly in front of the oncoming train.

Both the engineer and fireman on the excursion train saw that a collision was inevitable, applied the brakes and jumped. The passengers were thrown violently from their seats, and several received bruises and cuts from the flying glass.

The pilot of the passenger engine was torn off, but no other damage was done to it. After a delay of one hour and 40 minutes the excursion train started for Webster. While the direct cause of the accident is not known, railroad men are positive that the Monongahela connecting engine had pushed the empties through two open switches and onto the main track.

## TAXPAYERS WILL WIN

From present indications the coun-  
ty will be the winner by reason of  
the agitation by the Mail and other  
newspapers of the county for a more  
equitable compensation for the use  
of the county funds. The statement and  
platform announced by John H. Bowers,  
who is a candidate for treasurer  
on the Republican ticket, is a  
straightout declaration that if nomi-  
nated and elected he will deposit the  
funds in the banks that will pay the  
highest rate of interest to the coun-  
ty, and this is so apparent a move in  
the direction of good public policy  
that it cannot be ignored.

It is probable that had this policy  
been pursued during the past twenty  
years that the county would have  
been several hundred thousand dol-  
lars to the good. This higher ef-  
ficiency on the part of employees  
which is making such a stir in in-  
dustrial circles can be applied to pub-  
lic officials with advantage. It is one  
thing for an official to perform the  
perfunctory duties of his office, and  
another to bend every effort to work  
for the interests of the people he  
serves. The banks who use the  
county's idle funds will have to pay  
more for the privilege hereafter  
than they have been doing in the  
past.

## LOOKING UP.

A review of the industrial situa-  
tion in the Pittsburgh district and else-  
where reveals much better conditions  
than have been prevailing during the  
fore part of the year. Many con-  
cerns that have been idle or either  
running on shorter time are start-  
ing up and resuming in full, and the  
iron and steel industries of the coun-  
try are running a larger per centage  
of their capacity than for some time  
previously.

One of the signs which is favorable  
to this country is the large amount  
of public and private improvements  
which are to be made in the Pitts-  
burgh district. Cutting the hump and  
other public improvements in Pitts-  
burgh alone will expend millions of  
dollars and in this community the  
building of the public roads by the  
State is expected to cut some figure  
next season. All the railroads are in  
a condition where they must make  
improvements, and these will con-  
sume more of the products of the  
manufactories, which in turn will  
start up coal and coke production.  
Then, too, there is prospect of the  
Frick people starting developments  
in the valley, which will add to the  
volume of industry. Thus it is seen  
there are grounds for the "hope that  
springs eternal in the human breast,"  
even though the blessing may not fall  
so soon as expected.

## ELECTRIC SPARKS

Some men seem to think when they  
get two creases down the legs of their  
trousers that they own the earth.

An exchange says that "The longer  
you sit in the lap of luxury the  
sooner your lap disappears."

As sure as a man in public office  
gets friends by public activity, so  
sure does he acquire enemies.

At last a real definition of Wall  
street has been given one that should  
afford relief to those who have suffer-  
ed from too much finance there. It  
is "lie factory."

Harry Thaw has been officially de-  
clared sane—by his lawyer.

It's strange that not even the Pitts-  
burgh people themselves hold to the ad-  
dition of "h" to the end of the word.

The way some people drink and  
still live is evidence that the devil  
protects his own.

sities for searing countenances got

cause they are slighted by the King.  
If they belong to the class of some  
American mayors you couldn't blame

## PICKED UP IN PASSING

S.W. Ross, a former Charleroi busi-  
ness man, but now a prosperous real  
estate dealer in Los Angeles, California,  
arrived in town last evening, to  
attend to some business matters here  
and to look after property interests.  
Naturally business conditions in the  
west is the principal subject of in-  
quiry from Mr. Ross' many friends,  
and along this line he said:  
"Business has been good this year  
in the west. I did not hear anything  
about hard times until I struck Chicago  
on my way east, and from that  
time on I heard nothing but tales of  
hard luck. Los Angeles is booming,  
the population having increased at  
least 40,000 since the first of the year.  
People are pouring in there from  
every quarter of the United States—  
particularly the east, with money to  
invest, and the volume of build'ng is  
enormous. On an average thus far  
this year 60 building permits a day  
have been issued. Over 4,000 bungalows  
alone have been bought or sold  
there this year."

"I presume the business depression  
in the east has helped us very materi-  
ally in Los Angeles, and other parts  
of the west. People with capital  
have flocked into our city seeking in-  
vestment in real estate, instead of  
putting their money into industrial  
or business projects in the east. Our  
city is the place for big operations,  
and those with small capital do not  
have much show. It is no place for  
working people to come to, as trades-  
men have flocked to the city until the  
labor market is glutted to overflowing."

"I had a talk with a prominent at-  
torney over at Washington the other  
day concerning the county's part in  
road building," said a Charleroi resi-  
dent, "and when I explained that the  
county could stand in the same rela-  
tion as the State in the way of  
furnishing funds for building roads  
under the Sproul law and get a whole  
lot more results than building roads  
under the Flinn law, he seemed im-  
pressed, and said he had never looked  
at the matter in that light before.  
I showed him where the county could  
spend as much money under the  
Sproul law as under the Flinn law,  
and get the help of all the townships  
which have petitioned for State aid  
besides. This would be more equitable  
to the boroughs, who are bonded as a  
rule to their limit for street improve-  
ments, but yet have to pay the big

end of the taxes in building and  
maintaining roads under the Flinn  
law. The townships have showed a  
disposition to co-operate by the num-  
ber of petitions they have filed for  
State aid roads, but not applied  
because there were no funds in the  
State treasury for that purpose. If  
the county spent its money for road  
building under the State plan the  
townships would contribute, with the  
result that the county would get  
more roads, which the State would  
help to maintain, which would not be  
so burdensome to the boroughs."

Shows Increased Prosperity.  
Twenty years ago the average life  
insurance policy was for \$2,500; now  
it is more than \$3,000.

## YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy,  
Ought to Give the Kidneys a  
Thorough Cleaning Right  
Now.

You clean your teeth daily. You  
wouldn't think of doing otherwise,  
and yet the teeth are not one tenth so  
important to health, strength and a  
long life as the kidneys.

Do you know that the kidneys are  
little strainers or fine sieves, through  
which every drop of blood in the body  
passes again and again.

And when the kidneys become  
clogged they are unable to strain the  
impure matter from the blood and it  
stays in the blood and causes disease  
in various parts of the body. Take  
rheumatism, for instance, this terrible  
disease is caused by uric acid in the  
blood, and uric acid gets into the blood  
only when the kidneys are clogged up  
and are unable to properly strain the  
impurities.

Just go to W. F. Hennings' today  
and get a bottle of Thompson's Barosma,  
the most scientific kidney, liver  
and bladder regulator the world has  
ever known, take it regularly for two  
weeks and all the impure matter in  
your kidneys will pass out through  
the bladder and your kidneys will be  
as pure and clean and healthy as any  
kidneys can be.

Thompson's Barosma is guaranteed  
by W. F. Hennings' to cure all dis-  
eases of the kidneys, liver, and blad-  
der, or money back. It is a wonder-  
ful tonic and blood purifier and will  
bring the glow of health to the cheeks  
of the sick in a short time. 50 cents  
and \$1.00 a bottle. All druggists.

## John H. Bowers States Position

### As Republican Candi- date for Treasurer He Makes Plain What He Will Do with Money

#### TO THE PUBLIC:—

As a Republican candidate for the office of county treasurer, and in view of the many criticisms of the manner in which the public funds are handled, and the charges that are made that private interests and not the county are reaping an undue benefit from the use of public funds not needed for immediate use, I desire to define my position in this matter, and to state to the public the policy I will pursue if nominated and elected to the office for which I am a candidate.

I promise, if nominated and elected to the office of county treasurer to re-  
gard the position as a public trust instead of a sinecure, and to conduct the office  
wholly in the interest of the taxpayers whose servant I would be.

I promise, if nominated and elected to regard the office as a business proposi-  
tion, which demands more than the mere receiving and disbursing of public funds,  
and to exercise all my faculties and ability in an effort to make all idle money as  
profitable to the county as it may be to the bank or depository which may have  
charge of it.

I promise, if nominated and elected to secure and pay for my own bond so that  
no individual or bank will have any claim upon me for favors to the detriment of  
the public service.

### I promise, if nominated and elected to Ask for Bids from the Various Banking Institutions of the County and to Award the Deposit of All Public Money to the Same Which will Pay the Highest Rate of Interest, commensurate with the proper safeguarding of the public funds.

Believing that these declarations will make clear my position on the proper  
conduct of the duties of county treasurer in his relation to the taxpayers, I sub-  
mit my claims to the Republican voters and ask their support at the primary elec-  
tion to be held Saturday, September 30.

## Among the Theatres

Scene from "The Nest Egg," Coyle Theatre, Wednesday, August 30th.

### THE PALACE—CHARLEROI.

A domestic tragedy, which yet had an element of comedy about it, was one of the strong feature photoplays at the Palace Theatre this week. The title was "The Two Honeymoons," and the story was that of a newly married couple spending their honeymoon at the home of a friend. Another guest—a young lady—with a gown the exact duplicate of the bride causes the bridegroom to think that his wife is flirting, and he also engages in that pastime. The two quarrel, leave the house, and a divorce follows the estrangement. After awhile the former host invites the man to his home and the hostess invites the woman. Each guest is assigned the room, unknown to the other, they occupied while spending their honeymoon, and some amusing mixups follow, which results in reconciliation, and a re-marriage. Other strong features were "A Local Bully," "The Message of the Arrow," "Love in the Hills," and others. Harry Barnhart, leader of the orchestra, is introducing some musical novelties, in the shape of descriptive overtures.

### THE STAR—CHARLEROI.

Patrons of the Star Theatre enjoyed one of the most entertaining bills provided by Manager Cowan for his house since the opening this season of the pleasing little theatre. There was an especially strong bill, all week the particular features of which were G. W. Connors the Fat Boy and Giant of the Ocean. There was entertainment a-plenty in photoplay and such was the high standard of all the pictures that it would be difficult to choose from

among the many which were really the best. Among the best might be mentioned "The Dream," "A Moral Coward," "The Charitable Young Lady," "Just for Her," "His Second Choice," "All Aboard for Nero," "The Plains Across" and "A Ward of Uncle Sam."

### THE DUQUESNE—PITTSBURG.

The removal of the Harry Davis Stock company from the Grand to the Duquesne theatre and the inaugural of the fall season in the latter playhouse will be signalized by the return of the most popular leading actress Pittsburgh has ever had—Miss Mary Hall. It is expected that Miss Hall, who has been traveling abroad since the close of the regular stock season, will arrive in Pittsburgh this week, when rehearsals will begin for the production of Belasco and De Mille's fascinating society play, "Men and Women," which is on the tapis for the week beginning Monday afternoon, August 28. The play, "Men and Women," is one of the best society dramas of modern times and offers excellent chances for all the members of the cast to start their season with artistic characterizations. Season seat reservations and seats for the initial week are now on sale.

### THE HIPPODROME—PITTSBURG

The Hippodrome season, the greatest in the history of the great outdoor home for refined amusement, will close next week with a bill the like of which has never before been presented in Pittsburgh. Managers Harry Davis and John P. Harris go to the world for their performances and

that they succeed in getting the very best has never been questioned. Next for the closing attraction, Mr. Harris is looking for and has found a wonderful performance. The announcement will be made on Sunday or before and when the act is read and the explanation and description noted, local amusement seekers will acknowledge that its equal has never been there before. The last and best week of the season will go down in local theatrical history as a record breaker. Seats in advance are on sale at Lechner & Schoenberger's adjoining the Grand, and at Forbes Field.

### THE NIXON—PITTSBURG

After being entirely re-decorated, the Nixon Theatre, Pittsburgh, will throw open its doors on the afternoon of September 4, offering as the opening attraction "The Commuters."

This exceedingly funny comedy is from the pen of James Forbes, a former Pittsburgh newspaper man and the author of those two well known successes, "The Chorus Lady" and "The Traveling Salesman." As the title suggests, "The Commuters" has to do with a phase of life common to every large city. There is no town of any consequence that does not have its standing joke about the men and women who live in the outlying districts, and ride back and forth on monthly tickets. The central characters are a man, his wife and the man's bachelor friend who resides in the city and entertains that inherent aversion to the suburbs that is common to the city bachelor.

"The Commuters" is a Henry B. Harris production and is complete in every detail. The cast which will be seen is the New York and Boston organization and includes Harry Davenport, Florence Malone, John Robertson, Amy Lesser, Frederick Malcolm, Mrs. Pauline Duffield, Karra Kenwyn, E. Y. Backus, Lillian Thurgats and others.

### Week of Sept. 11.

A sensation followed the announcement that Paul Wiltach, author of "The Life of Richard Mansfield," and associated with the famous actor for eight years during his tours of America, had written a drama based on "Thais" which will be seen for the first time in this section at the Nixon Theatre in Pittsburgh on September 11 under the management of Jos. M. Gaites, with Miss Constance Collier in the name part.

Mr. Wiltach has closely followed the scenes as they appear in the novel. Anatole France, one of the greatest of living literary workers, is the author of the novel, which became the basis for the opera by Jules E. F. Massenet, which achieved such popularity in this country when sung by Miss Mary Garden.

"Thais" is a story showing the anchorites of the ancient Theban desert. The piece takes its name from a beautiful creature, as sinful as she is beautiful. There comes to her a hermit who seeks to convert her from her wicked life. He preaches and prays and endures the temptations that befel Parsifal. Finally he yields but when he has come thoroughly under the influence of "Thais" and has lost his soul, she suddenly awakens to the new life she has heard his teachings and pleadings and goes to the "White Sisters" on the African shore of the Mediterranean.

Mr. Gaites in addition to Miss Collier, has engaged Tyrone Power to appear in the part of the hermit. And Julian L'Estrange to play the part of Nicias the favorite lover.

Mail orders will receive prompt attention, if they contain certified check postal or express orders, payable to Theatre. If parties desire tickets mailed, self-addressed envelope must accompany order, thus avoiding possibility of error. Special attention will be given to all out of town orders. Special round trip excursion rates will be given on all railroads. For information regarding fares and schedules of trains consult local ticket agent.

### THE ALVIN—PITTSBURG

"Low Dockstader's Great Minstrels which is conceded to be the first minstrels in the land, will make its annual bow to the local theatre-goers at the Alvin Theatre next week, being the opening attraction at that house. Mr. Dockstader has a better collection of songs this season than he ever had. "Lord Have Mercy on The Married Man," "Rah for the Red, White and Blue," "Father Sees Us Twice a Year" and "I'm Surprised, That's All," are four of the convulsion variety. One of the funniest of Dockstader's pieces of business this season is entitled, "Void de Veel" and "Motion Pictures" which is a travesty on vaudeville and moving pictures. Neil O'Brien, the grotesque and ludicrous funmaker, after an absence of two years, is again an added feature of the show. The company includes in addition to Dockstader and O'Brien, Bob Albright, Manuel Romain, Roy La Pearl, "Les" Copeland, "Happy" Naulty, Samuel Gilletti, Master Leo, Henry DeCune,

### A STEADY DRAIN

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid And Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills.

Mrs. B. Mahoney, 823 McKean Ave., Charleroi, Pa., says: "For a long time a member of our family complained of pains in the small of the back. Seeing Doan's Kidney Pills highly advertised, a box was procured at Piper Bros., Drug Store and their use begun. They brought such great relief that I do not hesitate to recommend them to other kidney sufferers." For sale by all dealers. Price 50 cents. ## M'ILVAINE GETS FUN OUT OF JOB; THAT'S ABOUT ALL

Charleroi Pitcher in Ohio  
State League Tells of  
Experiences

Possessing a fund of humor which bubbles forth unexpectedly on every occasion and which is made the more humorous because of the eccentric actions of the source, there is no player in the Ohio State league that is more popular or having a better time out of his job than John "Scissors" McIlvaine, of Charleroi, who is twirling for Piqua. McIlvaine is the kind of fellow who can stand all the kidding there is coming his way and return in like manner. In a letter to Dale Jolliffe here he describes some of his troubles as well as some of his experiences. Among other things he says:

"I suppose you want to know why I don't get to pitch any more. So do I. The manager has warned me up for seven straight days and at the last minute has put some one else in. Guess he is saving me for the world's series. I think he wants me to work against Springfield and Marior, but I hope not as we don't stand a bit of a chance against either.

"Wish you could see this league play or try to play. I'll never tell George Heffran again that he is a rotten outfielder. I am sure that at least one third of the fly balls to the outfield either drop safe or are missed. I have seen but on throw made from the outfield to the plate and have not seen a man thrown out at the plate. I have seen fly balls drop safe on the infield. Still, as a rule the infielders are fair. The hitters are pretty good, catchers fine and pitchers are good and bad. The squeeze play is unknown. And they sacrifice a man to third as often as they do to second."

It might be added that sure enough McIlvaine was put against Springfield and just as sure did he pull out ahead in a twelve inning game by the score of 7 to 6. He had seven assists. He was sent in after Kline had been sent to the tall and uncut in the first of the fifth and allowed but three hits thereafter.

## SPALDING TROPHIES FOR CHAMPS ARRIVE

Watch fobs of sterling silver, trophies from A. G. Spalding and Co., the sporting goods' dealers, have been received by George S. Might, local Spalding agent, for the champion Lutherans of the Charleroi Church league. There are 16 fobs, which are given by the Spalding house instead of a pennant. The silver part of the fob is a representation of a baseball diamond with a baseball in the center and two bats to the side. On the back are the words "Lutheran League Champions, Charleroi Church League, 1911."

## COMEDY ATTRACTS

GREAT ATTENTION

It is seldom a comedy creates the attention that has fallen to the lot of Anne Caldwell's latest play, "The Nest Egg." A hundred laughs and one tear are claimed for it and that the laughs are all inspired by real wit and the one tear from real pathos. An old maid desires a husband and sends out into the world a message written on an egg. After three years the message is answered, but instead of being a matrimonial proposition the old maid is used as a witness at a pure food trial. The complications arising from the story furnish many humorous scenes and situations. "The Nest Egg" will be seen at the Coyle Theatre next Wednesday, August 30.

### Will Hold Services.

Rev. C. H. McPhail, a colored minister who describes himself as "a self made man in the gospel" is holding tent meetings at Pricedale stop. Services will be held Sunday at 3 o'clock.

## COUNCIL MAKES MOVE TO GET NEW WAY TO RIVER

Preliminary Steps Taken for Getting Control of Third St.

IN HANDS OF ENGINEER

Hussey-Binns Shovel Company Owns Property—Willing to Sell

Council made the preliminary move towards getting a street through to the river at the upper end of town Friday night at a called meeting when they authorized Borough Engineer Paul G. Elder to see what terms could be reached by the borough with the Hussey-Binns Shovel company for the purchase of Third street. Last year an effort was made by the borough to secure control of this street but the deal was never put through. The Hussey-Binns Shovel company wanted in the neighborhood of \$30,000 for the property leading from the railroad to the river it is stated.

The idea in getting control of Third street is to provide a way to the river in case Eighth street should be sold to the Macbeth-Evans Glass company. The latter concern dickered with the borough for the purchase of Eighth street and negotiations were practically concluded when a discovery was made of matters which held up the deal for a time. It is said that an ordinance will be presented to council at a meeting some time in the near future by which the matter will again be opened up.

The principal object of the meeting Friday night was to take up the matter of paying a part of the estimate for the paving of Seventh and Eighth streets between Fallowfield and Washington avenues.

Thomas Arrigo was the contractor for this work and council ordered that a warrant be drawn in his favor for \$2,500, this being \$1,250 for each street. The balance will be paid with the exception of 10 per cent when the borough engineer has made his final estimate.

President J. K. Hein was in the chair and councilmen present were Dr. A. O. Davis, C. O. Frye, W. R. Gant, and W. H. Calvert. Councilmen Linn and Schmeiler were absent.

## PROHIBITIONISTS

### NAME FULL TICKETS

Candidates Are Suggested for County Offices at Committee Meeting

The Prohibitionists of Washington county held their annual convention at Washington Friday to name a ticket for nomination at the primaries. Only one candidate was named for each office, except where more than one is to be elected and means practically nomination. The ticket follows:

County Treasurer, G. S. Campbell; Sheriff, W. S. Russell; Directors of the Poor, B. C. Stout and Henry Gault; Commissioners, A. O. Hoaglan and John Ferguson; Clerk of Courts, E. G. Matteson; Register of Wills, T. S. Brownlee; Coroner, A. B. Green; County Surveyor, Allen J. White; District Attorney, A. R. Witherspoon; Prothonotary, E. C. Snyder.

The convention declared itself in favor of women's suffrage. B. C. McGrew of Washington was elected county chairman.

## DIES AT POOR HOUSE

### AS SEARCH IS BEING

### MADE FOR BROTHER

Frank Miller, aged about 60, died in the Fayette County home at Uniontown, Thursday night, following a stroke of paralysis last Monday. Miller had been cooking in a fishing camp on the Monongahela River when he was stricken, and as he had no friends about here who could care for him he was at once sent to the poor house. While an effort was being made to locate a wealthy brother in Scranton, he died.

A telephone message to Scranton disclosed that the brother, George, was away from home with his family and could not be located. Friday some McKeesport friends promised to take the matter up and give the body a decent burial, Miller having formerly been in the hotel business there.

## GRAND JURY APPROVES ROADS TO BE IMPROVED

Number of Witnesses Heard From Different

Communities Asking That Highways be Re-constructed

RECOMMENDATIONS ARE MADE THAT BRICK BE USED

Road improvement petitions were heard by the grand jury yesterday and a number of improvements recommended, all of them for brick paving. For each petition several witnesses were heard. Among those who appeared as witnesses was Congressman E. F. Acheson, asking for the paving of the Bethany road from West Middletown by way of Acheson.

The grand jury recommended that the Bellevue road be paved with brick a distance of 2116 feet. This road has a width of 14 feet and the estimated cost is \$7,427.61.

It was also recommended that the Beallsville-Zollarsville road be improved. This road had been recommended to be paved with macadam by a former grand jury, but the petitioners now asked that it be paved with brick. This was recommended.

The length of the road is 0.510 miles, equal to 1,847 miles, and has a width of 12 feet. The probable cost of the improvement will be \$31,845.

The Cecil-Venice road is another important highway and also recommended for improvement with brick beginning at Cecil and running toward Venice, a distance of 16,857 3-10 feet, equal to 3.92 miles with a width of 12 feet. The probable cost will be \$68,977.75.

It was petitioned that the Washington-Bethany road be improved with brick for a distance of 11,341 miles with a probable cost of \$26,827.50, but the grand jury only recommended the improvement of the road with brick for a distance of 31-3 miles.

The grand jury is opposed to paying any damages for changes of the grades if the county commissioners can get release.

## JUROR TAKES DAY OFF FOR PICNIC

Wheels of Justice do Not Grind While Donegal Man Enjoys Himself

Charles Burrig, of Donegal township, a juror in criminal court No. 1, at Washington did not attend the stout picnic Thursday but he managed to clog the wheels of justice for a time and take the bandage off the eyes to the blind Goddess. That inquisitive lady almost threw a fit when she saw what had happened and is still wondering what had come over the juror from Donegal.

Burrig was one of the jurors in the case of the commonwealth against Alex Krupenski, charged with illegal liquor selling. When court met Thursday morning and the jury in the case was called, it was found that Burrig was missing. After waiting for a time Judge McIlvaine set the jury aside and another case called. The tipstaves made every effort to locate the missing juror, when a rumor spread about the court house that he was taking a day off to attend the Stouts grove picnic.

Telephone wires were burned out in an effort to reach the missing juror, so that he could be brought back, and shortly after noon he was located and hastened back to court, where he arrived about 3 o'clock, a very perturbed man.

Juror Burrig had asked earlier in the week to be excused from jury duty, but on account of the small number of jurors present, he could not be excused. Wednesday afternoon a juror approached Judge McIlvaine and requested to be excused. The judge did not pay any particular attention to who the juror was, and told him that probably he could be excused the following day. Judge McIlvaine did not have the least idea the man was on the Krupenski jury, before which all the testimony in the case had been presented.

It was Juror Burrig and he desired to attend the picnic which was evidently more desirable than sitting in the jury box to listen to the arguments of the opposing attorneys. He had told some of his fellow jurymen in the case that he had been excused and they told him there must be some mistake, as he could not leave until the case was finished. Juror Burrig was, however, satisfied that he had got a proper leave of absence and hid himself towards Stouts Grove.

When Mr. Burrig returned to court the jury was again called into the box. This time the missing juror, answered to his name.

"You can go to the jury, gentlemen," said Judge McIlvaine, "and I hope the original 12 men are before you."

## WEST BETHLEHEM GETS HIGH SCHOOL

State Superintendent Schaffer Notifies Directors Petition is Granted

The school directors of West Bethlehem township have received the official notification from Nathan C. Schaffer, state superintendent of public schools, that the petition of the residents of the township for a high school had been granted.

There was some opposition to the movement but it was mostly from outsiders.

A majority of the West Bethlehem taxpayers were in favor of the plan and two largely signed petitions were sent to Superintendent Schaffer along with several personal letters.

The High School which will be located at Scenery Hill, is to be opened at the same time as other schools of the townships, during the early part of September.

The enrollment promises to be large as there is a large number of pupils in the township who have completed their common school work. The directors think that the bordering townships will send pupils there also.

The High School will have a three-year course as do other township High Schools. The directors will hold a meeting at an early date to elect a principal and make other arrangements for the opening.

## REV. W. G. CARL

### QUITS PASTORATE

Former Charleroi Minister to Preach Farewell Sermon at Monongahela

Rev. Wellington G. Carl will preach his farewell sermon as pastor of the First Baptist church at Monongahela Sunday. Rev. Carl came to Monongahela some years ago as pastor of the Central Baptist church during a controversy between factions of two Baptist churches which then existed, one of which had Rev. W. H. Shawger as pastor. Rev. Carl remained until a reconciliation had been effected following a tedious fight through the Pittsburgh Baptist association and through the court. Mr. Shawger had resigned. Rev. Carl then assumed temporarily the pastorate of both churches but presented his resignation which takes effect Sunday. Rev. Carl was formerly pastor of the Baptist church of Charleroi and has many friends here.

## DONORA EXCURSION TRAIN IN WRECK AT PITTSBURG

New Pupils are Being Enrolled

Many Report to Prof. Pentz First Enrollment Day—Work Continued

Starting on Friday, Superintendent of Schools James G. Pentz, has received a number of new pupils for enrollment. School will start on Monday with a number of new faces in rooms of the lower grades. On Friday Prof. Pentz was at his office in the Ninth street building and received a large number of enrollments. Saturday he continued the work and other new names were added.

Enrollments will be received for two weeks or a month yet of children who are six years old or who will be six years by the first of the year.

## BUSY PICNIC WEEK FOR ELDORA PARK

Corn Roast and Outing of Eagles Wednesday to be Feature Event

Next week will be a busy picnic season for Eldora Park. The chief event of the week will be the corn roast and outing of Charleroi Aerie, No. 390, Fraternal Order of Eagles on Wednesday. The first event of the week will be on Monday when a Washington lodge of colored people will hold their annual outing at Eldora. On Thursday Coal City Lodge G. U. O. of O. F. will hold its annual picnic.

## SUNDAY BASEBALL CAUSES CONTENTION IN CHURCH LEAGUE

Monessen and Belle Vernon baseball fans are arguing about the decision of the executive committee's of the Church League composed of teams from both towns, in forfeiting games in which players engaged in playing Sunday baseball took part. Belle Vernon has one team in the Monessen-Belle Vernon Church league and was luckless enough to be the worst sufferer from the decision of the executive committee.

By the rules of the Monessen-Belle Vernon Church league a team which uses players having been engaged in playing Sunday baseball not only loses the players for the season, but also has the games in which they participated forfeited. This caused some dissatisfaction among the Belle Vernontes, who claim they really have a prior claim to the church league pennant.

Two Women Seriously Hurt and Are Taken to Hospital

OTHERS BADLY SHAKEN

Tieup in Traffic Caused for Time—Little Damage Done to the Train

Two persons were seriously injured and several others received minor bruises when a Pittsburgh & Lake Erie train, carrying excursionists from Rock Point Park to Webster and Donora, crashed into a Monongahela connecting train of empty steel gondolas Friday night at 2:53 a few feet south of the South Thirty-fourth street crossing, Pittsburgh. The injured passengers were given first aid by the P. & L. E. physician, Dr. A. D. Miligan and Superintendent of Telegraph Lee.

The Seriously Injured. Miss Amanda Robb, aged 17, of Donora, suffering with shock and bruises about the head; taken to Southside Hospital.

Mrs. Frederick Karl, aged 41 of Donora, suffering from shock and bruises taken to Southside Hospital.

The excursion train was made up of an engine, baggage coach, and eight passenger coaches, carrying picnicers home from the annual outing of Donora and Webster, Pennsylvania. It was in charge of Conductor O. H. Facenbaker, Engineer A. Skeer and Fireman J. A. Hull were on the passenger engine. It had left Rock Point about 7:10 and every coach was filled with passengers.

When the excursion train reached Thirty-fourth street crossing it had slowed down preparatory to taking water and had just rounded the curve on the southbound track when a Monongahela connecting engine pushing 40 empty steel gondolas ran through two switches and onto the main track directly in front of the oncoming train.

Both the engineer and fireman on the excursion train saw that a collision was inevitable, applied the brakes and jumped. The passengers were thrown violently from their seats, and several received bruises and cuts from the flying glass.

The pilot of the passenger engine was torn off, but no other damage was done to it. After a delay of one hour and 40 minutes the excursion train started for Webster. While the direct cause of the accident is not known, railroad men are positive that the Monongahela connecting engine had pushed the empties through two open switches and onto the main track.

## TAXPAYERS WILL WIN

From present indications the county will be the winner by reason of the agitation by the Mail and other newspapers of the county for a more equitable compensation for the use of the county funds. The statement and platform announced by John H. Bowers, who is a candidate for treasurer on the Republican ticket, is a downright declaration that if nominated and elected he will deposit the funds in the banks that will pay the highest rate of interest to the county, and this is so apparent a move in the direction of good public policy that it cannot be ignored.

It is probable that had this policy been pursued during the past twenty years that the county would have been several hundred thousand dollars to the good. This higher efficiency on the part of employees which is making such a stir in industrial circles can be applied to public officials with advantage. It is one thing for an official to perform the duty of his office, and another to bend every effort to work for the interests of the people he serves. The banks who use the county's idle funds will have to pay more for the privilege hereafter than they have been doing in the past.

## LOOKING UP.

A review of the industrial situation in the Pittsburgh district and elsewhere reveals much better conditions than have been prevailing during the fore part of the year. Many concerns that have been idle or either running on shorter time are starting up and resuming in full, and the iron and steel industries of the country are running a larger percentage of their capacity than for some time previously.

One of the signs which is favorable to this country is the large amount of public and private improvements which are to be made in the Pittsburgh district. Cutting the hump and other public improvements in Pittsburgh alone will expend millions of dollars and in this community the building of the public roads by the State is expected to cut some figure next season. All the railroads are in a condition where they must make improvements, and these will consume more of the products of the manufacturing, which in turn will start up coal and coke production. Then, too, there is prospect of the brick people starting developments in the valley, which will add to the volume of industry. Thus it is seen there are grounds for the "hope that springs eternal in the human breast," even though the blessing may not fall so soon as expected.

## PICKED UP IN PASSING

S.W. Ross, a former Charleroi business man, but now a prosperous real estate dealer in Los Angeles, California, arrived in town last evening, to attend to some business matters here and to look after property interests. Naturally business conditions in the west is the principal subject of inquiry from Mr. Ross' many friends, and along this line he said:

"Business has been good this year in the west. I did not hear anything about hard times until I struck Chicago on my way east, and from that time on I heard nothing but tales of hard luck. Los Angeles is booming, the population having increased at least 40,000 since the first of the year. People are pouring in there from every quarter of the United States—particularly the east, with money to invest, and the volume of building is enormous. On an average thus far this year 60 building permits a day have been issued. Over 4,000 bungalows alone have been bought or sold there this year.

"I presume the business depression in the east has helped us very materially in Los Angeles, and other parts of the west. People with capital have flocked into our city seeking investment in real estate, instead of putting their money into industrial or business projects in the east. Our city is the place for big operations, and those with small capital do not have much show. It is no place for working people to come to, as tradesmen have flocked to the city until the labor market is glutted with overflowing."

"I had a talk with a prominent attorney over at Washington the other day concerning the county's part in road building," said a Charleroi resident, "and when I explained that the county could stand in the same relation as the State in the way of furnishing funds for building roads under the Sproul law and get a whole lot more results than building roads under the Flinn law, he seemed impressed, and said he had never looked at the matter in that light before. I showed him where the county could spend as much money under the Sproul law as under the Flinn law, and get the help of all the townships which have petitioned for State aid besides. This would be more equitable to the boroughs, who are bonded as a rule to their limit for street improvements, but yet have to pay the big

# John H. Bowers States Position

## As Republican Candidate for Treasurer He Makes Plain What He Will Do with Money

### TO THE PUBLIC:—

As a Republican candidate for the office of county treasurer, and in view of the many criticisms of the manner in which the public funds are handled, and the charges that are made that private interests and not the county are reaping an undue benefit from the use of public funds not needed for immediate use, I desire to define my position in this matter, and to state to the public the policy I will pursue if nominated and elected to the office for which I am a candidate.

I promise, if nominated and elected to the office of county treasurer to regard the position as a public trust instead of a sinecure, and to conduct the office wholly in the interest of the taxpayers whose servant I would be.

I promise, if nominated and elected to regard the office as a business proposition, which demands more than the mere receiving and disbursing of public funds, and to exercise all my faculties and ability in an effort to make all idle money as profitable to the county as it may be to the bank or depository which may have charge of it.

I promise, if nominated and elected to secure and pay for my own bond so that no individual or bank will have any claim upon me for favors to the detriment of the public service.

## I promise, if nominated and elected to Ask for Bids from the Various Banking Institutions of the County and to Award the Deposit of All Public Money to the Same Which will Pay the Highest Rate of Interest, commensurate with the proper safeguarding of the public funds.

Believing that these declarations will make clear my position on the proper conduct of the duties of county treasurer in his relation to the taxpayers, I submit my claims to the Republican voters and ask their support at the primary election to be held Saturday, September 30.

## Among the Theatres

Scene from "The Nest Egg." Coyle Theatre, Wednesday, August 30th.

### THE PALACE—CHARLEROI

A domestic tragedy, which yet had an element of comedy about it, was one of the strong feature photoplays at the Palace Theatre this week. The title was "The Two Honeymoons," and the story was that of a newly married couple spending their honeymoon at the home of a friend. An other guest—a young lady—with a gown the exact duplicate of the bride causes the bridegroom to think that his wife is flirting, and he also engages in that pastime. The two quarrel, leave the house, and a divorce follows the estrangement. After awhile the former host invites the man to his home and the hostess invites the woman. Each guest is assigned the room, unknown to the other, they occupied while spending their honeymoon, and some amusing mixups follow, which results in reconciliation, and a re-marriage. Other strong features were "A Local Bully," "The Message of the Arrow," "Love in the Hills," and others. Harry Barnhart, leader of the orchestra, is introducing some musical novelties in the shape of descriptive overtures.

### THE STAR—CHARLEROI

Patrons of the Star Theatre enjoyed one of the most entertaining bills provided by Manager Cowan for his house since the opening this season of the pleasing little theatre. There was an especially strong bill all week the particular features of which were G. W. Connors the Fat Boy and Giant of the Ocean. There was entertainment a-plenty in photoplay and such was the high standard of all the pictures that it would be difficult to choose from

among the many which were really the best. Among the best might be mentioned "The Dream," "A Moral Coward," "The Charitable Young Lady," "Just for Her," "His Second Choice," "All Aboard for Nero," "The Plains Across" and "A Ward of Uncle Sam."

### THE DUQUESNE—PITTSBURG

The removal of the Harry Davis Stock company from the Grand to the Duquesne theatre and the inaugural of the fall season in the latter playhouse will be signalized by the return of the most popular leading actress Pittsburg has ever had—Miss Mary Hall. It is expected that Miss Hall, who has been traveling abroad since the close of the regular stock season, will arrive in Pittsburg this week, when rehearsals will begin for the production of Belasco and De Mille's fascinating society play, "Men and Women," which is on the tapis for the week beginning Monday afternoon, August 28. The play, "Men and Women," is one of the best society dramas of modern times and offers excellent chances for all the members of the cast to start their season with artistic characterizations. Season seat reservations and seats for the initial week are now on sale.

### THE HIPPODROME—PITTSBURG

The Hippodrome season, the greatest in the history of the great outdoor home for refined amusement, will close next week with a bill the like of which has never before been presented in Pittsburg. Managers Harry Davis and John P. Harris go to the world for their performances and

that they succeed in getting the very best has never been questioned. Next for the closing attraction, Mr. Harris is looking for and has found a wonderful performance. The announcement will be made on Sunday or before and when the act is read and the explanation and description noted, local amusement seekers will acknowledge that its equal has never been there before. The last and best week of the season will go down in local theatrical history as a record breaker. Seats in advance are on sale at Lechner & Schoenberger's adjoining the Grand, and at Forbes Field.

### THE NIXON—PITTSBURG

After being entirely re-decorated, the Nixon Theatre, Pittsburg, will throw open its doors on the afternoon of September 4, offering as the opening attraction "The Commuters."

This exceedingly funny comedy is from the pen of James Forbes, a former Pittsburg newspaper man and the author of those two well known successes, "The Chorus Lady" and "The Traveling Salesman." As the title suggests, "The Commuters" has to do with a phase of life common to every large city. There is no town of any consequence that does not have its standing joke about the men and women who live in the outlying districts, and ride back and forth on monthly tickets. The central characters are a man, his wife and the man's bachelor friend who resides in the city and entertains that inherent aversion to the suburbs that is common to the city bachelor.

"The Commuters" is a Henry B. Harris production and is complete in every detail. The cast which will be seen is the New York and Boston organization and includes Harry Davenport, Florence Malone, John Robertson, Amy Lesser, Frederick Malcolm, Mrs. Pauline Duffield, Karra Kenwyn, E. Y. Backus, Lillian Thurgats and others.

### Week of Sept 11.

A sensation followed the announcement that Paul Wilstach, author of "The Life of Richard Mansfield," and associated with the famous actor for eight years during his tours of America, had written a drama based on "Thais" which will be seen for the first time in this section at the Nixon Theatre in Pittsburg on September 11 under the management of Jcs. M. Gaite, with Miss Constance Collier in the name part.

Mr. Wilstach has closely followed the scenes as they appear in the novel. Anatole France, one of the greatest of living literary workers, is the author of the novel, which became the basis for the opera by Jules E. F. Massenet, which achieved such popularity in this country when sung by Miss Mary Garden.

"Thais" is a story showing the anachronies of the ancient Theban desert. The piece takes its name from a beautiful creature, as sinful as she is beautiful. There comes to her a hermit who seeks to convert her from her wicked life. He preaches and prays and endures the temptations that beset Parsifal. Finally he yields but when he has come thoroughly under the influence of "Thais" and has lost his soul, she suddenly awakens to the new life he has heard his teachings and pleadings and goes to the "White Sisters" on the African shore of the Mediterranean.

Mr. Gaite in addition to Miss Collier, has engaged Tyrone Power to appear in the part of the hermit. And Julian L'Estrange to play the part of Nicias the favorite lover.

Mail orders will receive prompt attention, if they contain certified check postal or express orders, payable to Theatre. If parties desire tickets mailed, self-addressed envelope must accompany order, thus avoiding possibility of error. Special attention will be given to all out of town orders. Special round trip excursion rates will be given on all railroads. For information regarding fares and schedules of trains consult local ticket agent.

### THE ALVIN—PITTSBURG

"Low Dockstader's Great Minstrels which is conceded to be the first minstrels in the land, will make its annual bow to the local theatre-goers at the Alvin Theatre next week, being the opening attraction at that house. Mr. Dockstader has a better collection of songs this season than he ever had. "Lord Have Mercy on The Married Man," "Bah for the Red, White and Blue," "Father Sees Us Twice a Year" and "I'm Surprised, That's All," are four of the convulsion variety. One of the funniest of Dockstader's pieces of business this season is entitled, "Void de Veil" and "Motion Pictures" which is a travesty on vaudeville and moving pictures. Neil O'Brien, the grotesque and ludicrous funmaker, after an absence of two years, is again an added feature of the show. The company includes in addition to Dockstader and O'Brien, Bob Albright, Manuel Romain, Roy La Pearl, "Les" Copeland, "Happy" Naulty, Samuel Gilletti, Master Leo, Henry DeCunea,

## Candidate of the WHOLE Republican Party

Underwood is not the candidate of any special faction. He has not entered the race in the interests of any other candidate. He brands as absolutely false any statement to the contrary.

Your support of Underwood at the primaries on September 30, is an endorsement of honesty in office and his election is a guarantee of efficiency and a guarantee that the office of sheriff will be run in the interests of the whole people on a business-like basis.

## Vote for Underwood!

Don Ferrandon, John Daley, Pete Detzel and 60 other well known burnt cork artists. There will be a grand street parade at high noon, and Roy La Pearl, the man with the big voice, will have a musical duel with Dockstader's band. La Pearl will sing from the roof of the Oliver Building at 12:30 noon, during the parade next Monday, accompanied by the band from the street.

### WILLIAMS GROVE PICNIC.

Reduced Rates via Pennsylvania Railroad. For the Grangers' picnic, Williams Grove, Pa., August 28 to September 2, the Pennsylvania Railroad will sell excursion tickets to Williams Grove from stations in Pennsylvania and from Baltimore, Elrama, Frederick and intermediate stations on the Northern Central Railway, August 22 to September 1, inclusive, good for return passage to reach original starting point not later than September 5, at reduced rates. 614

### A STEADY DRAIN

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid And Depressed.

Sick kidneys weaken the body through the continual drainage of life—giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills.

Mrs. B. Mahoney, 823 McKean Ave., Charleroi, Pa., says: "For a long time a member of our family complained of pains in the small of the back. Seeing Doan's Kidney Pills highly advertised, a box was procured at Piper Bros., Drug Store and their use begun. They brought such great relief that I do not hesitate to recommend them to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

## M'ILVAINE GETS FUN OUT OF JOB; THAT'S ABOUT ALL

Charleroi Pitcher in Ohio  
State League Tells of  
Experiences

Possessing a fund of humor which bubbles forth unexpectedly on 'ivers occasion and which is made the more humorous because of the eccentric actions of the source, there is no player in the Ohio State league that is more popular or having a better time out of his job than John 'Scissors' McIlvaine, of Charleroi, who is twirling for Piqua. McIlvaine is the kind of fellow who can stand all the kidding there is coming his way and return in like manner. In a letter to Dale Jolliffe here he describes some of his troubles as well as some of his experiences. Among other things he says:

"I suppose you want to know why I don't get to pitch any more. So do I. The manager has warned me up for seven straight days and at the last minute has put some one else in. Guess he is saving me for the world's series. I think he wants me to work against Springfield and Marior, but I hope not as we don't stand a bit of a chance against either.

"Wish you could see this league play or try to play. I'll never tell George Heffran again that he is a rotten outfielder. I am sure that at least one third of the fly balls to the outfield either drop safe or are missed. I have seen but on throw made from the outfield to the plate and have not seen a man thrown out at the plate. I have seen fly balls drop safe on the infield. Still, as a rule the infielders are fair. The hitters are pretty good, catchers fine and pitchers are good and bad. The squeeze play is unknown. And they sacrifice a man to third as often as they do to second."

It might be added that sure enough McIlvaine was put against Springfield and just as sure did he pull out ahead in a twelve inning game by the score of 7 to 6. He had seven assists. He was sent in after Kline had been sent to the tall and uncut in the first of the fifth and allowed but three hits thereafter.

## SPALDING TROPHIES FOR CHAMPS ARRIVE

Watch fobs of sterling silver, trophies from A. G. Spalding and Co., the sporting goods' dealers, have been received by George S. Might, local Spalding agent, for the champion Lutherans of the Charleroi Church league. There are 16 fobs, which are given by the Spalding house instead of a pennant. The silver part of the fob is a representation of a baseball diamond with a baseall in the center and two bats to the side. On the back are the words "Lutheran League Champions, Charleroi Church League, 1911."

### A NOTRE DAME LADY'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatic, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home at thousands will testify--no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box B, Notre Dame, Ind.

## COMEDY ATTRACTS GREAT ATTENTION

It is seldom a comedy creates the attention that has fallen to the lot of Anne Caldwell's latest play, "The Nest Egg." A hundred laughs and one tear are claimed for it and that the laughs are all inspired by real wit and the one tear from real pathos. An old maid desires a husband and sends out into the world a message written on an egg. After three years the message is answered, but instead of being a matrimonial proposition the old maid is used as a witness at a pure food trial. The complications arising from the story furnish many humorous scenes and situations. "The Nest Egg" will be seen at the Coyle Theatre next Wednesday, August 30.

### Will Hold Services.

Rev. C. H. McPhail, a colored minister who describes himself as "a self made man in the gospel" is holding tent meetings at Pricedale stop. Services will be held Sunday at 3 o'clock.
